Another sodden Saturday at Emerald Golf Club for the Emerald Plate competition. Local teams of four and many from other clubs faced off across fairways with only the best three scores from each team to be counted.

By the time the umbrellas were slid back into their scabbards, the local team of Con Whitlock, 32 points Peter Clowes 37, Leigh Morison 33 and Ken Hill 47, for a 117 points total, won the day.

The almost Aitken family team of, Father David 38, son Ryan 30, son Dean 41 and surrogate grandfather for the day, Brian McCoy 34 for a 113 point total filled second place.

An Olinda Golf Club team of D Herman 36, B Camm 36, W Parsonage 38 and T Smith 30 came in next with 110.

The individual award went to Hill for his 47 points.

F Hoh was nearest the pin on the 12th, D Vandenesson the 13th, Darryl White the 18th and Hill was nearest the pin after two shots on the 17th. The longest drive was won by D Ellerbock on the 1st fairway.

(Didn't know the first names of some Olinda players so I thought they would all be pleased with "D" as an initial)

Wednesday's Originally Fabricated Golf (OFG) was stroke event and was won by John Piggott (20) with a nett score of 67 from Dennis Fuller (13) on 68. Think Piggy might have won the putting to but my accuracy had been scrambled just a little.

Next Saturday players front up for hopefully a dry day with a chance to win the December VGL Monthly Medal.
