

Web footed Pund wins
Or
Is Raymondo going to get to single figures first?

By Dennis Fuller

After much dry weather at Emerald Golf Club for a month or two when people were wishing for the big wet, Hughie opened up, big time. After playing badly for the first few holes, Ray Pund (11) cut in the afterburners and roared home for a win with 40 points in the trying conditions. This was the over-all win and of course was better than the other A Graders.

Once again, as has become the norm, young Broc Reynolds (22) lead the B Graders in with 38 points. In C Grade the waders were obviously not working because Brian McCoy (27) won the day with a sheepish grin and 30 points.

Kameron Geeves scored 38 points, Ross Martin 38 and Ryan Aitken and Peter Clowes both played to their handicaps for 36.

Steve Town was nearest the pin on the 4th, Pund the 7th, Ben Balfour the 12th while Clowes extended his superiority to be nearest on the 13th and the pro pin 18th. This makes three out of the last four rounds Clowes has won the pro pin.

The ladies' event saw a clear winner by Kerin Ellis as she went Daphne Narelle Fenwick on the 16th with Gardinia Kennaugh well back in second place on a whopping 22 points. . Deanne Shannon could not be considered because of a back injury when her truss burst but Irene Scott must get a mention for her 23 points. Mr McCoy was most disappointed that Irene was beaten.

Wednesday's Overly Flossy Golf (OFG) saw the first round of the Hugh Hamilton Black Sheep Championship. This is played on the 3rd Wednesday of each month and Ray Pund (12) found the format to his liking and walked away with the Shiraz as a clear winner with 39 points. Ken Sumsion and Ben Balfour were equal second on 34.

The handicap pennant team played Wellington Links and had a comfortable 11 points to 3 win. Peter Stevens won 3/1, Ryan Aitken 6/5, Mark Starick 6/5, Broc Reynolds won 7/6, Dave Aitken won 4/3 and Steve Town won 3/1. Dean Aitken was all square and Peter Clowes lost 2/1. This qualifies the team to play in the final at Werribee Golf Club next weekend. Well done chap[s] and may you continue the standard and kick ass!!!

Next Saturday the members face a round of f%\$##* bisque f@#*^ par. Should be good...perhaps!!!

I did hear:

- Scotty was just short of the green on the 4th when he played his 2nd, shot and his 3rd, and his 4th and his 5th!!!! Come on chaps, be honest, who among you have not done something similar? Just as many people have done that on the 15th as well....you too?
- Ben had 15 points to be one under the card after the 5th. He finished with 32....you do the Maths!!!
- The rest of the legal firm enjoyed a beer on Ryan when he failed to make the ladies. Not sure what hole it was on but the barrister et al seemed to enjoy the experience
- It was a little damp as it is for today's pennant match. I note a smallish creek flowing across the 15th from the comfort of my lounge room.
- A Grade averaged just over 33
- B Grade averaged nearly 32
- C Grade players averaged just over 26 points.

A GRADE

R Pund ... 40

K Geeves ... 38

R Martin ... 37

R Aitken ... 36

B Balfour ... 32

G White ... 30

S Town ... 29

M Starick ... 24
